**Saturn**  
All-In-One  
8" or 12"

## Compatible Thermal Printers

**Epson**  
T70 Thermal Printer

**Touch Dynamic**  
T25 Thermal Printer

## Designed to Maximize Space and Provide Flexibility

Touch Dynamic redefines the All-In-One design by integrating thermal receipt printers into some of their most popular all-in-one terminals. The compact design and small "footprint" of the Universal Printer Base allows for easy setup, and will save precious counter space and reduce cable clutter. The thermal printer is recessed into the base of the All-In-One to eliminate possible "spillage" damage and is easily & quickly replaceable.

## Highlights

- Thermal printers are powered by the all-in-one power supply
- Easily & Quickly replaceable "off the shelf" printer (No separate printer *mechanism* to special order/stock)
- Printers are recessed into the base to eliminate possible "spillage" damage
- Front load for fast and easy paper loading, front feed to eliminate possible debris/liquid falling into the cutter mechanism
- Terminal / Universal Printer Base / Printer will ship assembled and in "One Box"
